PRODUCT DESCRIPTION:

Calf boots type "C" for cold weather, with full-grain leather upper. Breathable and waterproof membrane lining with thermal insulation, malleolus protection (AN). Rubber and PU outsole with Nylon stabilizer, antistatic, oil and slip resistant. Abrasion protective rubber bend along the entire sole. "Ago" working.

Cold insulation, PTFE membrane lining: WINDTEX - Bi-component microporous Lining

PTFE membrane with high waterproofness, perspiration and resistance (400gr)

Outsole Military: Rubber outsole + PU midsole

Size Unisex 36-47

Sector Outdoor environments, Army

C (calf boot) Footwear type

Leather: Water repellent full-grain leather 1.8-2.0 mm Upper

Insole Anti-perforation: Protect the foot against possible shoe perforations caused by

the presence of perforating material on the floor

Processing AGO: The Ago processing is the most common because it makes the shoe

> flexible and light. The processing consists of joining the upper to the sole through glues, avoiding the use of other joints that stiffen the structure and lead

to a loss of comfort in the foot
