

# TRENTO E

Additional requirements SR, WR

**PRODUCT DESCRIPTION:**

Mid-boots type B, with suede leather and cordura inserts upper. Bicomponent PTFE microporous membrane lining with very high level of waterproofness, breathability and resistance. Vibram® outsole that guarantees lightness and grip. Polyurethane midsole gives resistance and adaptability in all sectors. Footwear designed for hikers, trekking and free time.

Lining	PTFE membrane lining: <i>WINDTEX - Bi-component microporous PTFE membrane with high waterproofness, perspiration and resistance</i>
Outsole	<i>SWORD: guarantees lightness and tightness. PU midsole with polyester gives lightness and adaptability in all sectors, rubber tread ensures resistance and grip on all types of terrain.</i>
Upper	Suede: <i>Soft calfskin leather</i> , Cordura fabric: <i>3D woven fabric that ensures high breathability</i>
Size	Unisex 36-49
Processing	<i>AGO: The Ago processing is the most common because it makes the shoe flexible and light. The processing consists of joining the upper to the sole through glues, avoiding the use of other joints that stiffen the structure and lead to a loss of comfort in the foot</i>
Model	Footwear
Footwear type	B (over the ankle)
Sector	Hikers
