

UP-504

Norm UNI EN ISO 20344:2022/A1:2024, UNI EN ISO 20347:2022

Security category O2

Additional requirements A, E, FO, HRO, SR

PRODUCT DESCRIPTION:

Low top shoe type "A". Waterproof full grain leather upper. Highly breathable 3D Airnet® textile lining. Highly shock absorbing EVA outsole + rubber tread. "Ago" processing.

Upper	Leather: <i>Water repellent full-grain leather 1.8-2.0 mm</i>
Lining	3D Fabric: <i>AIRNET® - Highly breathable and absorbent three-dimensional mesh fabric</i>
Outsole	UP WALK: <i>Completely made of shock absorbing EVA and reinforced with a rubber tread. It stands out for its lightness and comfort, thanks to EVA's ability to mold perfectly to the shape of the foot. Ideal for those who spend a lot of time on their feet.</i>
Processing	AGO: <i>The Ago processing is the most common because it makes the shoe flexible and light. The processing consists of joining the upper to the sole through glues, avoiding the use of other joints that stiffen the structure and lead to a loss of comfort in the foot</i>
Sector	Police and Law Enforcement, Free time
Size	Woman: <i>36-41</i>
